ABOUT

CUSTOM PROSTHETIC HAIR SYSTEMS

Skillfully hand crafted medical cranial hair prosthesis by Louticia Grier of the infamous A Diva's Hidden Hair in Solana Beach. Our hair prosthesis wigs are elegant, non-surgical hair replacement solutions for men, women and children who are experiencing medically related hair loss as a result of chemotherapy or other medical treatments that lead to hair loss.

Our medical cranial hair prosthesis are made with 100% human hair with an undetectable hairline, lightweight, and breathable base. Your medical cranial hair prosthesis will offer you versatility and style, allowing you to part it wherever and however you choose. Any of the custom hair systems below can be made into a cranial prosthesis wig. Take a look at some of the custom cranial hair prosthesis we have made for clients, and then give us a call at (858) 259-6833 to schedule your complimentary consultation appointment.

Since 1982, clients in San Diego County have found our qualified hair loss specialist, Louticia Grier, to be not only a knowledgeable hair replacement specialist, but unpretentious and caring to their hair loss concerns. At the A Diva's Hidden Hair Manufacturing Center of Solana Beach, A division of Uptown New York Style Hair Salon, Louticia perfects each prosthetic hair system to meet the client's own individual needs. She abides by the guiding principle that hair replacement should result in a pleasing, natural look — subtle coverage that highlight the client's own natural hair.

We understand that hair loss can be a traumatic and personal experience that affects your self esteem and social acceptance — that's why we make every effort to make your visit with us a relaxing, pleasant, and private experience. In addition to offering clients some of the most advanced hair technologies and techniques available, we provide a warm and friendly environment. Located in an easy-to-miss nook, the modern, exposed-brick shop puts an emphasis on "hidden" hair systems (hence the name).

LOUTICIA GRIER

“

My goal is to change the perception of hair loss and increase the awareness of the benefits of what cranial hair prosthesis has to offer.

”

In addition to the desirable results she achieves with custom hair replacement systems such as full cranial prosthesis, custom-made wigs, and manufacturing her own line of high quality hair care products, Louticia Grier is highly sort after for her experience and skill in teaching cosmetology courses; particularly in the field of hair loss prevention. Her genial nature and talent for producing natural-looking hair systems make her an optimal choice for individuals who are seeking to restore their appearance.
